Satisfy

Jeff Deyo

My heart has grown so cold
I've let the darkness in
I've said You are everything
But still You weren't enoughI've not been true to You
My life has hurt You, Lord
I'm running back into
The safety of Your handI wanna be free in Jesus
I wanna be satisfied in You and You alone
Take this heart, take my life
Pull me close, satisfyMy heart has heard Your call
But I have closed my ears
I've said I would follow You
But still I've chased the windI've stretched my hand toward You
While holding to this world
But now I'm letting go
And reaching out to YouI wanna be free, Jesus
I wanna be satisfied in You and You alone
Take this heart, take my life
Pull me closeOh, I wanna be free in Jesus
I wanna be satisfied in You and You alone
Take this heart, take my life
Pull me close, satisfyI wanna be free, I wanna be free
I wanna be free, I wanna be free
I wanna be free, I wanna be free, oh ohI wanna be free in Jesus
I wanna be satisfied in You and You alone
Take this heart, take my life
Pull me closeOh, I wanna be free in Jesus
I wanna be satisfied in You and You alone
Take this heart, take my life
Pull me close, satisfyOh, I'm letting go, I'm letting go, Jesus
'Cause I wanna be free, I wanna be free, oh
I wanna be free, I wanna be free, oh
I wanna be free, oh
