

# Satisfy

Jeff Deyo

My heart has grown so cold  
I've let the darkness in  
I've said You are everything  
But still You weren't enough I've not been true to You  
My life has hurt You, Lord  
I'm running back into  
The safety of Your hand I wanna be free in Jesus  
I wanna be satisfied in You and You alone  
Take this heart, take my life  
Pull me close, satisfy My heart has heard Your call  
But I have closed my ears  
I've said I would follow You  
But still I've chased the wind I've stretched my hand toward You  
While holding to this world  
But now I'm letting go  
And reaching out to You I wanna be free, Jesus  
I wanna be satisfied in You and You alone  
Take this heart, take my life  
Pull me close Oh, I wanna be free in Jesus  
I wanna be satisfied in You and You alone  
Take this heart, take my life  
Pull me close, satisfy I wanna be free, I wanna be free  
I wanna be free, I wanna be free  
I wanna be free, I wanna be free, oh oh I wanna be free in Jesus  
I wanna be satisfied in You and You alone  
Take this heart, take my life  
Pull me close Oh, I wanna be free in Jesus  
I wanna be satisfied in You and You alone  
Take this heart, take my life  
Pull me close, satisfy Oh, I'm letting go, I'm letting go, Jesus  
'Cause I wanna be free, I wanna be free, oh  
I wanna be free, I wanna be free, oh  
I wanna be free, oh
