Echo Orbiter

Charming air so often of 54â€™™
Knock together cupids put to bed

Slowly we reach indiscretion dressed as bourgeoisie queens
The blend of the perfume and cologne bleed the fossil night

NaÃ¬ve at 18, dumb love
A dance at 68 answered all questions

Breath in unison, â€œI cannot leaveâ€•
Half cries out to a half, â€œI know where she isâ€•

Quick settling moments linger, preserved in offspring smiles
Caught in the sensual humming, creaking and swaying

Oh silent night
Oh silent night
Oh silent night
Be a long ways off
