## Love You

## **Jack Ingram**

Dang the sun, dang this day I'm just tryin' to stay outta your danged ol' way To heck with this, to heck with us And shoot if I'll ever look back on where I've been Shoot if I'll ever give away my heart againLove you, love this town Love this mother lovin' truck That keeps breakin' lovin' down There's only one four letter word that'll do Love youLove your cat, love this house Well, I can't believe myself that I'm lovin' gettin' out Love talkin', love fightin' The thought of never seein' your lovin' face There's some words that some words just have to replaceLove you, love this town Yeah, I'm sick and lovin' tired Of all your lovin' around There's only one four letter word that'll do

Of all your lovin' around
There's only one four letter word that'll do
Love youLove you, love this town
And I'm sick an' lovin' tired
Of all your lovin' around

There's only one four-letter word that'll doLove you, love this town

Love this mother lovin' truck

That keeps breakin' lovin' down

There's only one four letter word that'll doLove you

Love you Love you, honey
