

# Together We Are (Instrumental)

Arty

Call on me  
I'll come to you  
Reach for me  
I'll be the one you can hold on to  
And it's you I see  
And it's you I believe in  
And it's you and me  
Together we are  
Together we are  
Stronger, stronger  
Together we are  
Stronger, stronger  
Together we are...  
We are golden tonight, tonight  
Cause we, we pull down the stars from the sky  
And I'm forever in love with the way  
We are We are Together we are  
! Stronger  
! Stronger  
Together we are  
Stronger, stronger  
Sing it, sing it  
Stronger, stronger  
Sing it, sing it  
Stronger, stronger  
Sing it, sing it  
Stronger, stronger  
Together we are.
