Be Still My Soul

Chris Rice

How far are you? How close am I?
I know your words are true and I don't feel them inside
Still I believe you'll never leave
So, where are You now?You're all I have, You're all I know
Your breath is breathing in my soul
Still I am gasping, aching, asking
Where are You now?'Cause I just wanna be with You
I just want this waiting to be over
I just want to be with You
And it helps to know the day is getting closerEvery minute takes an hour
Every inch feels like a mile
'Til I won't have to imagine
And I finally get to see You smileMy journey's here but my heart is there
So I dream and wait and keep the faith
While You prepare our destiny, 'til You come back for me
Oh, please make it soon'Cause I just wanna be with You
I just want this waiting to be over
I just want to be with You
And it helps to know the day is getting closerEvery minute takes an hour
Every inch feels like a mile
'Til I won't have to imagine
And I finally get to see You smileI just wanna be with You
I just want this waiting to be over
I just want to be with You
And it helps to know the day is getting closerI just wanna be with You
I just want this waiting to be over
I just want to be with You
And it helps to know the day is getting closerEvery minute takes an hour
Every inch feel like a mile
'Til I won't have to imagine
And I finally get to see YouEvery minute takes an hour
Every inch feel like a mile
'Til I won't have to imagine
And I finally get to see You smile
