

Big Head

Mouloud

One time, freak freaky, uh, uhm
Two time, ah two, uh, uhm
Three time, uh uh, uh, uhm
Freaky, four times, freaky, Ms. Jade
Ain't no other girl, girl
Representin' for the whole world, world
Make it my duty
Try'n show off thinkin' they can move me
(Here we go again)
One time
(Never take me off my grind)
And I do it true true
Do me is my number one rule, rule
Look I'm grown, grown
Haters I'm leavin' 'em long gone, gone
Got 'em with they
(Hands up high)
Twisted at the bar I'm feelin'
(All right)
Show 'em
(What they need to ride)
Dancin' 'til they feet hurtin'
(All night)
'Cause I stack cheese, cheese
I'm whatever it's gonna be, be
Uh and it's all to the good
Never been Hollywood 'cause I stand for the hood
It's a different
(Day now)
Watch how I'm makin' the game
(Break down)
See me doin' it it
I'm 'bout as good as it's gonna get, get
Uh, Philly chick get it down
If the flood is comin'
I promise I ain't gon' drown
Make the music
(Move you)
Timb's hittin' you crazy so you can

(Groove to)
Uh, Beat Club on the rise
And I got, got, got my eyes on the prize
Get your big head on the floor
(Get your big head on the floor)
You ain't ever seen me move like this
Get your big head on the floor
(Get your big head on the floor)
You ain't ever seen me groove like this
Get your big head on the floor
(Get your big head on the floor)
You ain't ever seen me move like this
Get your big head on the floor
(Get your big head on the floor)
You ain't ever seen me groove like this
We done did it now, now
Why don't you put your money on me now, now?
Make you feel free, free
You ain't even on the same league, league
From the sky to
(House parties)

Sippin' martinis under the
(Palm trees)
You can light it up, up
Sick ceiling leave niggas thugs, thugs
What's really goin' on, on
Partyin' to the break of dawn, dawn
Uh, switchin' lanes in the truck
And we know it's gonna catch up
But we still gettin' drunk, let's get
(Rooms for the night)
This a Timb trick so you
(Know it's tight)
Uh, stackin' the ching, ching
And it's obvious I'm gonna get a little vibrant thing
Tear the floor
(Up in the club)
Rappers with
(Chicks and the thugs)
Move, from the bottom to the top
Got ya self a gun and get prepared for the glock
Uh and its all to the love
Twist up your drink get your drink for your mugs
Uh and its all to the love

Twist up your drinks get your drinks for your buzz

Get your big head on the floor

(Get your big head on the floor)

You ain't ever seen me move like this

Get your big head on the floor

(Get your big head on the floor)

You ain't ever seen me groove like this

Get your big head on the floor

(Get your big head on the floor)

You ain't ever seen me move like this

Get your big head on the floor

(Get your big head on the floor)

You ain't ever seen me groove like this

Get your big head on the floor

(Get your big head on the floor)

You ain't ever seen me move like this

Get your big head on the floor

(Get your big head on the floor)

You ain't ever seen me groove like this

Get your big head on the floor

(Get your big head on the floor)

You ain't ever seen me move like this

Get your big head on the floor

(Get your big head on the floor)

You ain't ever seen me groove like this

Uh, break it down for me

Uh, break it down for me

Break it down for me, hu, heh

Get your big head on the floor

You ain't never seen me move like this

Get your big head on the floor

You ain't never seen me groove like this

Get your big head on the floor

You ain't never seen me move like this

Get your big head on the floor

You ain't never seen me groove like this
