

Don't Fight It

Young Love

It's a long road, if you don't take it you'll never know
You plant a seed and reap what you've sown
Standing on the edge of belief
You start to tremble, feel your doubt crumble Don't, don't fight it, don't, don't fight it
Don't, don't fight it, it's so, so epic
Don't, don't fight it, don't, don't fight it
Don't, don't fight it, it's so fucking epic It's a long road, if you don't take it
(Don't, don't fight it, don't, don't fight it)
You'll never know
(Don't, don't fight it, it's so, so epic) It's a long road, if you don't take it
(Don't, don't fight it, don't, don't fight it)
You'll never know
(Don't, don't fight it, it's so fucking epic) It's a long road, if you don't take it you'll never know
You plant a seed and reap what you've sown
You've got to give with all you've got, don't ever hold back
You gripe and you will find it feels so good to release
That you never [Incomprehensible] Don't, don't fight it, don't, don't fight it
Don't, don't fight it, it's so, so epic
Don't, don't fight it, don't, don't fight it
Don't, don't fight it, it's so fucking epic It's a long road, if you don't take it
(Don't, don't fight it, don't, don't fight it)
You'll never know
(Don't, don't fight it, it's so, so epic) It's a long road, if you don't take it
(Don't, don't fight it, don't, don't fight it)
You'll never know
(Don't, don't fight it, it's so fucking epic) Don't, don't fight it, don't, don't fight it
Don't, don't fight it, it's so, so epic
Don't, don't fight it, don't, don't fight it
Don't, don't fight it, it's so fucking epic It's a long road, if you don't take it
(Don't, don't fight it, don't, don't fight it)
You'll never know
(Don't, don't fight it, it's so, so epic) It's a long road, if you don't take it
(Don't, don't fight it, don't, don't fight it)
You'll never know
(Don't, don't fight it, it's so fucking epic)
