

Magnet

Punch Brothers

I pinned her to the wall and said I wanna take you home

I wanna take you home

Think about it

She threw me to the floor and said I wanna take you home

I wanna take you home

Think about it

What's the center between two centers of attention

Is there a center between to centers of attention

Or only tension between two centers of attention

And then there's...

'Cause I'm a magnet

And you're a magnet

And we're pushing each other away...

Baby I'm a blank check

And you're a blank check

To whose order we going to pay...

I laughed away a tear and said what if you took me now

What if you took me here

Think about it

She locked the hallway door and said you're gonna take me now

You're gonna take me here

Don't think about it

But I thought about it

What's the center between two centers of attention

A center of attention's its own center of attention

There's only tension between two centers of attention

And then there's...

'Cause I'm a magnet

And you're a magnet

And we're pushing each other away...

Baby I'm a blank check

And you're a blank check

Our very own order to pay...

'Cause we're pushing each other away

We're pushing each other away...
