Inject Me Sweetly

Blood On The Dance Floor

Craving makes it tastes sweeter
It makes you push deeper
I'm not a fucking tease
I'm only here to please
I don't play hard to get
I play to get you hard
I fucked to get you off the floor
That's why my name is Jeffree Star
Everything that tastes good
Isn't always healthy
Just take a lick, bitch
I'm poison fucking deadly
Injections, erections
Pleasers and seizures
Abuse and misuse
On this drug, I can't refuse
"Refuse, refuse, refuse..."
Hey baby, inject me sweetly
Let me bleed through your veins
Hey baby, inject me sweetly
Gonna drive you insane
I'm the highest ecstasy
You're sickest STD
The strongest drug
That you hate to love
Hey baby, inject me sweetly
Inject me sweetly
It's the best you'll ever have
No needle or a pill
No hallucination
'Cause its' everything you feel
You want on top
Or underneath?
Want some more?
Pretty please
Pulses throbbing
Heads are spinning
My overdose is beginning
Without it I'm ill

I'm dying, it kills

I need my fill
Just give it to me
I don't want anything
It's just what I need
Please don't make me beg
Just give it to me
Hey baby, inject my sweetly
Let me bleed through your veins
Hey baby, inject my sweetly
Gonna drive you insane
I'm the highest ecstasy
You're sickest STD
The strongest drug
That you hate to love
Hey baby, inject me sweetly
Inject me sweetly
Baby, inject me sweetly
Baby, inject me sweetly
Baby, inject me sweetly
Baby, inject me sweetly
'Cause all I need is you
Hey baby, inject me sweetly
Let me bleed through your veins
Hey baby, inject my sweetly
Gonna drive you insane
I'm the highest ecstasy
You're sickest STD
The strongest drug
That you hate to love
Hey baby, inject me sweetly ("So sweetly")
Inject me sweetly
Hey baby, inject me sweetly ("We're the strongest drug that you hate to love")
We're the strongest drug that you hate to love ("So sweetly...yeah")
Hey baby, inject my sweetly ("We're the strongest drug that you hate to love")
We're the strongest drug that you hate to love
Hey baby, inject me sweetly ("We're the strongest drug that you hate to love")
We're the strongest drug that you hate to love ("Love, love, love, love...")
We're the strongest drug that you hate to love
We're the strongest drug that you hate to love
So sweet
