

I Hate Saying These Words

Golden Earring

Nice to me
you will have to be so nice to me
girl that's what you have to do
when you want be back again
I'll come back when you do what I say
and I say
put him down
let him go
and save your love for me

let him get what I haven't had
I hate saying these words to the girl I love
but you've lost me
do the things I hate that you don't
you were wrong
you can only help yourself
baby you will have to help yourself
girl that's what you have to do
when you want be back again
I'll come back when you do what I say
