Champagne & Reefer

Bongzilla

Bring me champagne when I'm thirsty
And reefer when I want to get high
Bring me champagne when I'm thirsty
And reefer when I want to get high
When I'm lonely bring my woman
And set her right down here by my side
Well you know there shouldn't be no law
for people that wanna smoke a little dope
Well you know there shouldn't be no law
for people that wanna smoke a little dope
You know it's good for your head
It will relax your body, don't you know
Well you know I'm gonna get so high
Sho' nuff its my way
Well, I'm gonna get high, I'm gonna get high
Sho' nuff its my way
Bring me champagne when I'm thirsty
And reefer when I want to get high
Bring me champagne when I'm thirsty
And reefer when I want to get high
Well, I'm gonna get high, I'm gonna get high
Sho' nuff its my way
