

Annie's Party

Chris Miller, Nathan Tysen & Karen Olivo

[verse 1]

punch bowl... crudites, streamers stream and to end.

Cake sits, jello gels. where the hell's
my boyfriend?

White gloves, bouffant dress, hair flip.
the latest trends!

[prechorus]

clutch purse, cultured pearls, dressed to kill
My boyfriend!

[verse 2]

you think you can run away? not like its the first time.
gonna be hell to pay, he better some back crawling, come back crawling.
dad almost bought the farm! paying for my party!
I should be on your arm, my guest of honor, your a goner.

[prechorus]

ill go it alone, just a minor snafu. amazing the things
a new outfit can do! the belle of the ball is set to preform.
touch up my makeup and enter the swarm-

[verse 3]

prom queen. flawless skin. straight A's. ABSTINENT.

[prechorus]

which means, in all way, does anyone doubt that, I'M GOT SENT?

[verse 4]

you think i'm enjoying this? smile, laugh and courtesy.
your really destroying this, no more chumming, guess who's coming?
i'll make you settle down, once i sink my claws in. mom's got a wedding gown and it almost fits me, that's what
gets me!

[prechorus]

i'll sneak out the back, though the party's begun.
It's ruined, it's over, but this girl is not done!

[verse 5]

i'll show you what i'm not cut out for! what i can, or cannot do

I'm on my way to the top of the ladder.

And i'm on my way to the bottom of you

[prechorus]

gloves off, pearls away. gonna be hell to pay!

i'm leaving' daddy against your will. first ill find,

and then i'll kill-

my boyfriend...
