I'm Right Here

Mr. Probz

Back in the day I did not know
What to look for in my new beau
So I would just settle for guys I should never
Even have dated but now I know betterBecause I've experienced all types of relationships
Now I know what I need, so I shall just speak
My dream guy into real life with me, yeahI'm looking for a guy to play the lead in my life
I'm sure that in good time that I'll find my Mr. RightTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right hereTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right hereWant a guy who has style, beautiful smile
Wears that cologne that drives women wild
Takes more than just looks to get me shook
If he catches my mind, he'll have me hookedWhen a guy with intelligence, a perfect gentlemen
Could be more than a lover, be more than my man
A guy who could be my best friendI'm looking for a guy to play the lead in my life
I'm sure that in good time that I'll find my Mr. RightTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right hereTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right hereI wanna know where, could they be over there
No, they're right here, I think they're over there
I said I wanna know where, I think they're over here
I know they're here somewhere, I know that I could fan out thereTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right hereTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right hereTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right hereTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right hereTo all the good men who are out there
All the single ladies wanna know where
So put your hands up in the air and say I'm right here
To all the good men who are out there
