

We Are in Love

Jean B. Gerbier

We are in love

I

2016 was a very good year. For sentimental reasons, I've giving you my heart. I hope you do believe me now.
Still I feel the thrill of your charm.

Chorus

Suddenly sky above turning blue, we are inlove.
You sing and dance for me throughout the night, we are in love.
You kiss me good night so sweet beyong, we are in love.

II

Your promises were all lies. All you left with is a broken heart. Oh somebody else is taking your place. You
cried for my love, I gave my heart to you.
