# I Lost My Way

## Matt Andersen

stepping outside into the night
walking for hours, looking for light
one foot on the pavement,
one foot in the grave
i lost my way, i lost my waywalking down main street,
in somebody's town
looking for somebody,
but nobody's around
if i find someone,
i don't know what i'd say
i lost my way, i lost my way
i don't want directions
i don't need a map
the lights have gone out
i like it like that
when the sky goes blackcome with me baby
i'll pay what it cost
let's go get losta book with no pages,
a sky with no stars
a show with no stages,
a cell with no bars
a guitar in my hand,
with nothing to play
i lost my way, i lost my way
i don't want directions
i don't need a map
the lights have gone out
i like it like that
when the sky goes blackcome with me baby
i'll pay what it cost
let's go get lostthere was a time,
we were running together
fighting the good fight,
thinking things would get better
i don't know where i am,
but i know what you'd say
i lost my way, i lost my way
