

Epilog

God Street Wine

Night, hello
Won't you take me where you think I oughta go
And tell me what you think I need to know
Won't you wrap me up like a baby
And carry me out to the sea
And make me who you think I oughta be

[Chorus:]
I'm gonna catch the last ferry 'cross Lake Champlain
And I'm never gonna play my guitar again
You know that I've tried
But the dream has surely died
And though I didn't get where I wanted to go
I did enjoy the ride

Night, lights out
There's so many things you told me that I doubt
And so many things I'm afraid I might find out
And I think sometimes I'm dreaming
All the fucked up things I've seen
All the crazy things I've said and didn't mean

[Chorus]
You were always a friend to me
But now in the end I see
You never understood what I was saying
And I don't want to see you here no more
And I don't know what you're standin' around for
Can't you see
There ain't no music playing?
