

1000 Days

Wand

Cement boy and cement girl,
Walking alone in the sunlight,
Watching me, I'm watching you,
1000 days, oh they all fly by, I don't need a thing,
'Cause I've had every dream,
x2 Sleeping on a cement bed,
Waking at night full of terror,
Daytime is haunting you,
Nighttime is nothing at all, I don't need a thing,
'Cause I've had every dream,
x4
