

# Don't Waste The Pretty

Allison Iraheta

Dust it off, break it down  
Get to what we're talking about  
To what we're talking about  
Don't try and hide it now  
You can't keep working it out  
You can't keep working it out See how he's putting you down  
I just can't be around  
What you doing this for?  
'Cause lightning is starting to fade off  
Don't let it get away  
Girl, you're worth so much more Don't waste the pretty on him  
Don't waste the pretty on pain  
When it gets too much to take, don't give it away  
Don't waste the pretty on life  
Soon it's gonna fly on by  
Whatever way you gotta say it  
Don't waste the pretty, yeah Sit back and breathe it in  
Look at how lucky we are  
Just look how lucky we are  
This life I'm living in  
Well, you've gotta follow your heart  
So you know I'm never too far Away from the pain in your eyes  
I can see your disguise  
But it's not too late  
'Cause I know this pain can't be around  
Don't be scared, work it out  
There's no way to say ?Don't waste the pretty on him  
Don't waste the pretty on pain  
When it gets too much to take, don't give it away  
Don't waste the pretty on life  
Soon it's gonna fly on by  
Whatever way you gotta say it  
Don't waste the pretty, yeah And just in case you need what I need  
Girl you're beautiful, beautiful, beautiful  
And every boy will send you heartache  
'Cause you're beautiful, beautiful, beautiful, yeah Don't waste the pretty on him  
Don't waste the pretty on pain  
When it gets too much to take, don't give it away  
Don't waste the pretty on life

Soon it's gonna fly on by  
Whatever way you gotta say it  
Don't waste the pretty, yeah
