

# Girl That You Love

## Panic! At the Disco

Drop every pretense  
Drown every sense you own  
For the girl that you love  
Girl you loathe  
Insistent pretext  
So what does that make god  
To the girl that you love  
Girl you loathe Girl that you love  
Girl that you love  
Girl that you love  
Knows you don't Denominations surrender all control (all control)  
To the girl that you love (girl that you love)  
All control (trol, trol, trol, ...)  
Our indignation to every tainted soul (tainted soul)  
And the girl you love (girl you love)  
All control (all control) Girl that you love  
Girl that you love  
Girl that you love  
Knows you don't Girl that you love  
Girl that you love  
Girl that you love  
Knows you don't Followed her  
Followed her  
Followed her  
Followed her home Girl that you love  
Girl that you love
