The Limit

Gab Coelho

Your vision is blind
You try your best
But you don't know why
Why buy these shits
Shits that you don't need
When I'm over the flow
I pass the limit
Throw all in the space
And get over it
(And get over it)

You go to shopping
And forget what is good
(What is good)
To help other people
Who needs your stuff
Stuff you don't need
But you know you just keep
You pass the limit
You pass the limit
(You pass the limit)

You know all your secrets
It hurts the most
(The most)
You don't care for the planet
For you, it could explode
(Could explode)

You pass the limit
(Pass the limit)
You pass the limit
(Pass the limit)
You pass the limit
You pass the limit
(You pass the limit)

All the dollar bills
Aren't enough for you
All the million bills

Aren't enough for you
You buy the things
You don't need
You fuck with the world
With just one hit

Why? (Why?)

Why buy these shits
You don't need?
(Tell me now)
Why putting money over limit?
(Tell me now)
You don't need all those shits
You should know your limits

Why buy these shits
You don't need?
(Why?) (Tell me now)
Why putting money over limit?
(Tell me now)
You don't need all those shits
You should know your limits

You go to shopping
And forget what is good
(What is good)
To help other people
Who needs your stuff
Stuff you don't need
But you know you just keep
(You just keep)
You pass the limit
(You pass the limit)
You pass the limit
(You pass the limit)

You know all your secrets
It hurts the most
(The most)
You don't care for the planet
For you, it could explode
(Could explode)

You pass the limit
(You pass the limit)

You pass the limit
(Pass the limit)
You pass the limit
You pass the limit

(Why?) (You pass the limit)

Why buy these shits
You don't need?
(Why?) (Tell me now)
Why putting money over limit?
(Tell me now)
You don't need all those shits
You should know your limits

Why buy these shits
You don't need?
(Why?) (Tell me now)
Why putting money over limit?
(Tell me now)
You don't need all those shits
You should know your limits
