Miss Your Fire

Casey James

Itâ€™s 3 a.m. and Iâ€™m wide awake
I keep wondering where you are
This empty ache, it cuts through me
Like a piece of glass in the heart

Oh, I miss your fire
Oh, I miss your fire

Your passion made me feel alive
Like the blue inside of a flame
Well, I canâ€™t get you off my mind
It burns me when I hear your name

Oh, I miss your fire
Oh, I miss your fire

This bed is freezing cold
I never felt so alone
And I canâ€™t get you off my mind
Thereâ€™s so much that we left unsaid
So much that I canâ€™t forget
I just wanna hold you tonight

Iâ€™m tossinâ€™, turninâ€™ in these sheets
You still keep me up all night
I miss the way you werenâ€™t ashamed
The way you never closed your eyes

Oh, I miss your fire
Oh, I miss your fire
Miss your fire
I miss your fire
