Floorfiller

A*Teens

Floorfiller, floorfiller, floorfillerHey Mr. DJ, in case you forgot I came to get down, so you better make it hot 'Cause I can't jump around when I hear groove killers When I'm out sitting down, it's a clear time stealerGive me a track with a phat kind of beat A groove so unique that it kicks me off my seat 'Cause I won't find a mood with a new spine chiller When the crowd hits the room, it's a true crowd thrillerFreeze, better make it hot Music please, blow the spot Play that funky musicThat is how we want it, floorfiller That is how we need it, floorfiller Something's outta order, people in the corners Don't you see it, can't you feel it? FloorfillerCrank up a bass that can raise up the roof A bomb diggy drum comin' at me with a poof Gotta boom, shake the room 'cause we're all heat seekers With a jam that can slam down the walls, mindfreakerFreeze, better make it hot Music please, blow the spot Play that funky musicThat is how we want it, floorfiller That is how we need it, floorfiller Something's outta order, people in the corners Don't you see it, can't you feel it? You know by the sounds when the crowd is getting wild Hands swinging high like a chopper in the sky But a slow bump or flow ain't the way, floor freezer See the name of the game is to play, crowd pleaserFreeze, better make it hot Music please, blow the spot Play that funky musicThat is how we want it, floorfiller That is how we need it, showfiller Something's outta order, people in the corners
