

# Better To Forget

## Fangclub

Steal my thunder  
I don't wanna be the only other  
Believer  
How I wonder  
Am I going to be the only under-achiever?I  
Could die  
Forget to live  
It's better to forget  
Everything I said  
Everything I  
It's better to forget  
Everything I said  
Everything I  
Lifeline rising  
I don't wanna be a lifetime hiding  
For no reason  
My horizon is burning out in everybody's eyes, yeah  
I'm feelingI  
Could die  
Forget to live  
It's better to forget  
Everything I said  
Everything I  
It's better to forget  
Everything I said  
Everything I  
It's better to forget  
Everything I said  
Everything I  
It's better to forget  
Everything I said  
Everything IIt's better to forget  
It's better to forget  
Better to for  
It's better to forget  
It's better to forget  
Better to for
