

Subversive Lover

The Beautiful Bodies

Subversive lover
I kinda like your style
The way you play me
It fucking drives me wild
Tonight's the night that I will get you
Get you on, on the floor
Tonight's the night you'll love me
Like you never have before
4, 3, 2, 1, It's time we have fun
Tonight let's pretend that we're strangers
I know you're crazy
You know you're just my type
So baby take me
I'll bring you home tonight
Tonight's the night that I will get you
Get you on, on the floor
Tonight's the night you'll love me
Like you never have before
4, 3, 2, 1 It's time we have fun
Tonight let's pretend we're strangers
I know you so well
Yeah I know you so well
I need you so much
Like I'm somebody else
