

# Welcome To The World

[Kevin Rudolf](#)

Welcome to the world, welcome to the world  
You got your pop star, I'll be your rock star  
When it's a suicide, you call it superstar  
Check out the forecast, predictions won't stop  
You get your fifteen and then they take the spot

Let's go, let's go  
And then you're ready to go  
Let's go, let's go  
'Cause it's the end of the show  
Let's go, let's go  
So just get ready to go  
Let's go, let's go  
Let's go, let's go

All the time that you were gone  
I thought about how things went wrong  
Now you're coming down to earth  
Okay, hello, welcome to the world  
She saw the bright lights, she caught the fever  
She got contagious, she never leave it  
So no more time spent and no more free shit  
In fact this free ride has reached its destination

Let's go, let's go  
And then you're ready to go  
Let's go, let's go  
'Cause it's the end of the show  
Let's go, let's go  
And when it's over, you'll know  
Let's go, let's go  
Let's go, let's go

All the time that you were gone  
I thought about how things went wrong  
Now you're coming down to earth  
Okay, hello, welcome to the world  
Life's a tour, I'm so sure  
The ex will come before you exit girl  
No more games, I confess  
Far from lane, I'm just so fresh  
While Cubit Lee it's the big boss  
You get on the block, Mr. Rudolf

2 stars, hold your applause  
Hold it down to y'all's all guitars  
Half my life I sacrifice  
But I only came to party tonight  
New chicks, get my drinks up  
Every weekend we can link up  
New rings, with the big cuts  
Don't need a passport, get your minx up  
I took my time, she love me, each touch  
When she closes her eyes it's what she thinks of  
Boss

All the time that you were gone  
I thought about how things went wrong  
Now you're coming down to earth  
Okay, hello, welcome to the world  
Welcome to the world, welcome to the world  
Welcome to the world, welcome to the world
