All Our Tomorrows

Trembling Blue Stars

I never want you to feel again
The way you did in your sad storiesI wanna take every bad thing
Take it and consign it to historyLet me hold you so close
That all the things that haunt you leave youLet me repair the damage
The past is gone and cannot touch youI can't stand the thought
Of you feeling hurt
Having seen
The world at its worst
I wanna soothe all sorrows
Chase away every bad memoryToday and all our tomorrows
They matter more than any yesterdayI can't stand the thought
Of you feeling hurt
Having seen
The world at its worst
I can't stand the thought
Of you feeling hurt
Having seen
The world at its worst
