Take It Back

Pink Floyd

Her love rains down on me easy as the breeze
I listen to her breathing it sounds like the waves on the sea
I was thinking all about her, burning with rage and desire
We were spinning into darkness; the earth was on fireShe could take it back, she might take it back somedaySo I spy on her, I lie to her, I make promises I cannot keep
Then I hear her laughter rising, rising from the deep
And I make her prove her love for me, I take all that I can take
And I push her to the limit to see if she will breakShe might take it back, she could take it back some dayNow I have seen the warnings, screaming from all sides
It's easy to ignore them and G-d knows I've tried
All this temptation, it turned my faith to lies
Until I couldn't see the danger or hear the rising tideShe can take it back, she will take it back some day
She can take it back, she will take it back some day
She can take it back, she will take it back some day
