

# Hide Nowhere

**Devin Townsend**

[Words and music by Devin Townsend]Cold blue waves  
Cold dead sky  
See in the sea what I need to be  
Cold blue wavesCold blue mind... (hear them talk about)  
Cold dead mindSee in the sea what is and what will beEvery dream I have wants me to stay  
Every night I try to find a wayI hide nowhere  
They hide in my world  
I have nowhere to go  
Dreams come as they...  
Sleep comes as it...  
Dreams come as they do
