# Nowhere Man

## Dropbox

Spread your cards
Upon the table
Now's the time
To show your ableNowhere man you will
Find yourself dead or older
Ask for me all the time
You've spent to make it overStarve the mind
Of pain and hunger
Long to see them gaze
And wonderNowhere man you will
Find yourself dead or older
Ask for me all the time
You've spent to make it overNowhere man you might
Blind yourself getting sober
Well, as for me come and cry to me
To wet my shoulderDon't go down that roadDon't go down that roadNowhere man you will
Find yourself dead or older
Ask for me all the time
You've spent to make it overNowhere man you you might
Blind yourself getting sober
Well, as for me come and cry to me
And wet my shoulder
