

# Let's Eat Home

Rosemary Clooney

I like to stroll on the Costa Dell Soul at sunrise  
And to me Waikiki is the place to be speakin' fun wise  
I like to dine in the foreign time palatso  
You can laugh and call me fatso, that's okay by me I like to stick with the first class ticket buyers  
Setting trends with my trend setting friends  
The frequent fliers I like to shop on the Champs De Elesee  
Eat curry in old Bombay  
And spend New Years eve in either Tel Aviv or Rome But if it's all the same to you  
Let's eat home I like to lunch with the bunch in old Savanna  
I know a swell motel North of Callispell Montana  
I like to eat in my suite at the Savoy Plaza  
And I know a bar in Ghaza, where they serve goblet tea I jump a jet, just to ensemble one set in Rio  
To say Hi, how's the folks?  
May be swap a few jokes with the trio And then it's off to my condo in Spain  
Hang glide off the coast of Maine  
And spend Labour Day in either Montreal or Rome But if it's all the same to you  
Let's eat home
