

My Direction

The Manges

Perfection is my direction, even if that's all I had
It's not like I need no correction, I just know that life's not so bad
Picture this everyday kids that just can't find a
way
Stuck in disarray can't find hope for better days
It's the degeneration of childhood frustration
In the last 30 years teenage suicide has increased 300% in North
America
It is the second major cause of death in Canada
Perfection is my direction, even if that's all I had
It's not like I need no correction, I just know that life's not so bad
When will all my problems disappear, am I
just going crazy from the fear
Oh my, oh my I'm going far past the brink
This pressure's like a weight, and I still can't think straight
Perfection is my direction, even if that's all I had
It's not like I need no correction, I just know that life's not so bad
I've met my destinations, so what's left to
complain about
With all these aggravations, building till the seams fall out
I'm running my mouth dry, with every time I lie
Don't tell me without a doubt this dumbfound luck has all run out
Don't tell me without a doubt this dumbfound luck has all run out
Perfection is my direction, even if that's all I
had
It's not like I need no correction, I just know that life's not so bad
