

# The Sweet Fantastic

Ian Brown

You I have found, I hope you'll always be around  
And though nothing lasts forever, say you'll always be my pleasure  
You I have found, I hope you'll always be around  
And if everything lasts forever, say you'll always be my pleasure I feel fantastic, you make me feel majestic  
You're sweet fantastic  
Your love is hypnotizing  
Your love is mesmerizing me Deep in my heart, I'm going right back to the start  
And if everything lasts forever, say you'll always be my pleasure  
What ever you turn your hand to, where ever you follow your heart  
When ever you turn the heat on, kick start to my heart I feel fantastic, you make me feel majestic  
You're sweet fantastic  
Your love is hypnotizing  
Your love is mesmerizing me I feel fantastic, you make me feel majestic  
You're sweet fantastic  
Your love is hypnotizing  
Your love is mesmerizing me
