

Space Fruit (Interlude)

Talib Kweli

I just wanna say
Let me taste the fruit of your space
Oh what a, oh what a day I just wanna play
Magical visions, what we lay, lay, lay
I wanna, I wanna stay I just wanna say
Let me taste the fruit of your space
Oh what a, oh what a day I just wanna play
Magical visions, what we lay, lay, lay
I wanna, I wanna stay
