

# Survivor

## The Lox

Filthy ain't I  
Innocent, but born a thug  
My society place priority on the drugs  
Half a kilos  
Nervous lookin out the peephole  
Project buildings  
Buzzin the wrong niggas in  
.38 revolver hopin I dont have to touch it  
Toilet seat up, hopin I dont have to flush it  
Brown liquor, pocket full of big bills  
T.A.C. in the trip bitch nigga  
You now listenin to a rich nigga  
And still I let the hammer off  
Law couldn't beat him, my niggas is up north  
Higher than a mawfucka  
You ain't with it no more, I might have to fuck her  
I'm sorry in the morning nigga  
But you wasn't really mine nigga  
Diamonds in that nodia  
Jet lag, I just landed in Laguardia  
Talk shit, my niggas is gon body ya

One call, shooters comin in a hurry for me  
I ain't trippin, hatin comin with the territory  
Put niggas in the ground, get them buried for me  
When you accustomed to winning, then it's forever glory  
Yeah, nobody could cover for me  
If you ain't used to gettin money, thats another story  
Niggas goin back and forth, tryna tug-of-war me  
I'm turned on by the drama, the love tho bore me  
My heart pours out to those who suffer before me  
As long as it ain't broke, give a fuck what you call me  
All Im doing is living, how the fuck could you fault me  
Bitches is loving a nigga, the suckas is salty  
Ahhh  
Yeah, the difference is green  
Plus they see you jumpin in and out of different machines  
.40 with the hollows or either the .05 with the beam

L-O-X y'all niggas know we just a different regime, what!

Sunday to Sunday  
I'm praying to make one day  
Came from the hood but a nigga be on the runway  
Headed to the money you know the ticket is one way  
I dont want a problem if I do -- Gunplay  
These the last days  
Roaches in the ashtray  
High speed chases, life in the fast lanes  
Re-lace with wax, cadillacs with gatlings  
D-bo kilos, fractions the factions  
Probably looking for action  
Jacksons shitload of them Franklins  
I ain't gotta a gun and I betchu I sneak the shank in  
5 Star General lift you ass in the rankings  
And I dont want beef, I'm a vegan  
Gimme a reason to point to who Im leading  
I show these rap niggas a heathen  
They dont know the half, I laugh when squeezin

L-O-X  
You already fucking know  
If you do find out  
Fucking cocksuckers

L-O-X, L-L-O-X  
L-L-O-X, L-L-O-X  
L-L-O-X, L-L-O-X  
L-L-O-X, L-L-O-X
