

Got To Be Time

Point Of Grace

So sad
Depression deep inside
Has got your heart held down
And you're too afraid to feel Too bad
Because life is here for livin'
God deserves to give you joy
Beyond imagination So the sayin' goes
You gotta stop and smell the roses Got to be time for dancin'
Got to be time for singin'
Take the time to celebrate
The fire of the moment Got to be time for laughin'
Got to be time for shoutin'
Thank the Lord for what He's done
There's got to be time You've got to hold on
Don't let the smallest struggle
Steal the victory
When you weep in the night Stay strong
Because joy comes in the mornin'
Jesus longs to help you
Make the most of your salvation And so the saying goes
You gotta stop and smell the roses Got to be time for dancin'
Got to be time for singin'
Take the time to celebrate
The fire of the moment Got to be time for laughin'
Got to be time for shoutin'
Thank the Lord for what He's done
There's got to be time, time So turn it up
(Turn up the music)
Turn up the music
(Turn up the music)
Let the rhythm set you free to move again Hey, turn it up
(Turn up the music)
Turn up the music
(Turn up the music)
You owe it to yourself to hang on tight and lose control
You can feel it in your soul Dancin', singin', celebration
There's got to be time
Laughin', shoutin', celebration
There's got to be time Dancin', singin', celebration

There's got to be time
Laughin', shoutin', celebration
There's got to be timeDancin', singin', celebration
There's got to be time
Laughin', shoutin', celebration
There's got to be timeGot to be time for dancin'
Got to be time for singin'
Take the time to celebrate
The fire of the momentGot to be time for laughin'
Got to be time for shoutin'
Thank the Lord for what He's done
There's got to be timeGot to be time for dancin'
Got to be time for singin'
Take the time to celebrate
The fire of the momentGot to be time for laughin'
Got to be time for shoutin'
Thank the Lord for what He's done
