

# Start a Party

## Rae Sremmurd

[Hook: Slim Jxmmi & (Swae Lee)]

Beaucoup bitches in the lobby

Bust it open like piÃ±ata

Beaucoup bottles on the counter

This is how you start a party

(This is how you start a party)

(This is how you start a party)

(Tell a friend to tell somebody)

(We about to start the party)[Verse 1: Swae Lee]

I told my niggas I'ma pull up to the party

Give me 20 minutes

Show up in some leather pants

With some bitches you ain't even know existed

Tossed up a lot of mothafuckin' money

She said, "Let me guess, you a drug dealer"

Said, "Nah, I just brought a lot of money

And a whole lot of drugs with me"

You don't smoke loud, be quiet

Shut the fuck up, nigga, be quiet

All hail that nigga Swae Lee

I done told y'all too many times

Five bad bitches sittin' in line

Fuckboys, they know me from the side

Can't see y'all niggas, I'm blind

Y'all niggas ain't Swae like mine

Y'all niggas ain't real, stop lyin'

Them hoes I fuck be dyin'

Them bitches I diss be yours

Everything I touch turns gold

My bankroll just won't fold

Goddamn them hundreds too old

Gettin' money my favorite sport

Carrera my favorite Porsche

Slim Jxmmi, got a whole bunch of hit bitches with me

Got your main girl on a bean and the lean

Shakin' like a walkin' tambourine for the green

I can show you how to start a party

I can show you how to pop a bottle

I can show you how to get retarded

Pour the Coke on this Dom Perignon

Pour it all on your body, yeah

I can shoot that K like

Got Chinese women like Shanghai

I got Playboy bunnies on standby

If you can make it clap, put your hands up

Who got the ass I can grab on?

Lemme see you clap for the camera

I can throw a whole lot of cash out

(Whole lot of, whole lot of cash out)

Walked in the party, got taboos, got taboos

Rockstar, so I mixed it with the juice, juice, juice, juice

Bad bitches bustin, come here, let me touch it

The money keep fallin', her ass keep bumpin'[Hook: Slim Jxmmi & (Swae Lee)]
