

# Link Up (Alex D Remix)

Wiley

Hey sexy gal, how ya doing?  
I been hearing you speak my language fluent  
So when it's all quiet and you're ready  
You can gimme a little call  
I step out the telly and  
Link up  
That's what we're gonna do  
We're gonna  
Link up  
Step out the telly and  
Link up  
That's what we're gonna do  
We're gonna  
Link up  
Step out the telly and  
Link up Step out the telly then I ringin' you 'n ting  
'Cos I wanna get my link on  
Got it all sorted and I ain't gonna think on  
How I'm gonna do it, it's done  
Been, gone, we're on a Nobu ting  
Walk in, tell 'em I'm a noble king  
Black card, got the spring rolls 'n ting  
Ha ha, and I ain't looking over my shoulder  
Until I bring my galdem where they wanna eat  
Might turn out that they wanna meet  
Other famous peeps in the vicinity  
I might say hi, say they wanna greet  
I tell her that I didn't come here to meet  
Famous people, babe, I just wanna eat  
After that, hit a club maybe  
After that, I just wanna beat Hey sexy gal, how ya doing?  
I been hearing you speak my language fluent  
So when it's all quiet and you're ready  
You can gimme a little call  
I step out the telly and  
Link up  
That's what we're gonna do  
We're gonna  
Link up

Step out the telly and  
 Link up  
 That's what we're gonna do  
 We're gonna  
 Link up  
 Step out the telly and  
 Link up If I ever go shopping on a day I splash  
 My girl knows that I play hard like Vash  
 Doubled up cash  
 Two bank accounts and me and her mash  
 Daytime link on a subway wrangling  
 People staring at the stuff that we're handling  
 A lot of bags I don't really wanna carry  
 The way we're going on we should get married Hey sexy gal, how ya doing?  
 I been hearing you speak my language fluent  
 So when it's all quiet and you're ready  
 You can gimme a little call  
 I step out the telly and  
 Link up  
 That's what we're gonna do  
 We're gonna  
 Link up  
 Step out the telly and  
 Link up  
 That's what we're gonna do  
 We're gonna  
 Link up  
 Step out the telly and  
 Link up Step out the tell with the brand new style  
 So the galdem love me more  
 Fresh haircut, they wanna touch me more  
 Ever since Seduction they hug me more  
 Other gal, they try hating, but I tell 'em this  
 Why you saying that I'm ugly for?  
 Why you tryna put next man above me for?  
 Why 'em galdem no love me no more?  
 Why 'em galdem no love me no more, cos you find new links?  
 I ain't the one to be here and decide what she thinks  
 I'm the same, going on links  
 So I guess now we are equal  
 Everybody fly like a eagle  
 I wanna link gal all week  
 Part one then back for the sequel Hey sexy gal, how ya doing?  
 I been hearing you speak my language fluent  
 So when it's all quiet and you're ready

You can gimme a little call  
I step out the telly and  
Link up  
That's what we're gonna do  
We're gonna  
Link up  
Step out the telly and  
Link up  
That's what we're gonna do  
We're gonna  
Link up  
Step out the telly and  
Link upErr, ay babes, what you sayin', what?
