

Time Is Runnin'

Cheap Trick

Time is runnin' out of control, ooh
Help all my dreams come true
Time is runnin' out of control, ooh
You make my dreams come true Here comes the night
Gone are the days yeah
When we could just sit here and talk for hours
Didn't have much to say Time is runnin' out of control, ooh
Help my dreams come true
Time is runnin' out of control, ooh
You make my dreams come true Now everything seems so serious
We all had our fun in the sun
We all want to take too much out of life
Fooling ourselves in the long run Time is runnin' out of control, ooh
Help my dreams come true
Time is runnin' out of control, ooh
You make my dreams come true Tryin' to beat the clock
It never stops tickin' the time away
Tryin' to beat the clock it
Never stops, never stops night or day Time is runnin' out of control, ooh
And my dreams come true
Time is runnin' out of control, ooh
You make my dreams come true
