That foreign
That foreign
That foreign
That foreign
That foreign

Colombiano, yeah I love that
I love her if she speak another language
She be doing things I never seen
I think I might have hit it in my dreams
She drop it, then she throw it, yeah she work it
I seen your Instagram but you look better up in person
I think her booty fake, she say it's real though
She back it up and let me get my feel on

She only been here for two weeks
Came with the girls and they tryna leave with me
She workin' hard like she tryna get a visa
The way she twerk it I just might pull out my Visa

After we leave girl, you know where you going
Straight to the 'tel, you ain't leaving 'till the morning
Same old thing, yeah you know that shit's boring (that shit's boring)
American you know I had to cop that foreign (cop that foreign)
American you know I had to cop that foreign
(She got on a bad bikini, when we in the Lamborghini)
American you know I had to cop that foreign
(She from another country, I brought her to the city with me)
I know it's never boring
American you know I had to cop that foreign
Uh huh

I hit the lot and then I leave out with a new one
Her ass so fat I measure that I told her ruler
People wanna ask why I walk like that, don't wonder
Make that pussy rain when I bring that thunder
Shoutout Australia when she go down under

She only been here for two weeks
Came with the girls and they tryna leave with me

She workin' hard like she tryna get a visa
The way she twerk it I just might pull out my Visa

After we leave girl, you know where you going
Straight to the 'tel, you ain't leaving 'till the morning
Same old thing, yeah you know that shit's boring (that shit's boring)
American you know I had to cop that foreign (cop that foreign)
American you know I had to cop that foreign
(She got on a bad bikini, when we in the Lamborghini)
American you know I had to cop that foreign
(She from another country, I brought her to the city with me)
I know it's never boring
American you know I had to cop that foreign
Uh huh

And she be like "Aye que rico" when I'm going real deep though
You can give me all of them besos, just stay low, do what I say so
Fuck me now, oh shit, excuse my French but I got a bad bitch
And she ain't from France but she french kiss dick
And she ain't got plans cause they get dismissed

She only been here for two weeks (for two weeks)
A different party every night, she like to drink (she love to drink)
Body language is all she's tryna speak
That's okay, that's alright, go all day, go all night, I'mma beast

After we leave girl, you know where you going
Straight to the 'tel, you ain't leaving 'till the morning
Same old thing, yeah you know that shit's boring (that shit's boring)
American you know I had to cop that foreign (cop that foreign)
American you know I had to cop that foreign
(She got on a bad bikini, when we in the Lamborghini)
American you know I had to cop that foreign
(She from another country, I brought her to the city with me)
I know it's never boring
American you know I had to cop that foreign
Uh huh
