

# Kyoto Now

## Bad Religion

It's a matter of prescience no, not the science fiction kind  
It's all about ignorance and greed and miracles for the blind  
The media parading, disjointed politics

Founded on petrochemical plunder and we're its hostagesIf you stand to reason you're in the game

The rules may be elusive but our pieces are the same  
And you know, if one goes down we all go down as well  
The balance is precarious as anyone can tell

This world's going to hellDon't allow this mythologic hopeful monster to exact its price  
Kyoto now, we can't do nothing

I think someone else will make it rightYou might not think it matters now but what if you are wrong  
You might not think there's any wisdom in a fucked up punk rock song

But the way it is cannot persist for long  
A brutal sun is rising on our sick horizonIt's in the way we live our lives  
Exactly like the double edge of a cold familiar knife

And supremacy weighs heavy on the day  
It's never really what you own but what you threw away

And how much did you pay?Don't allow this mythologic hopeful monster to exact its price  
Kyoto now, we can't do nothing

I think someone else will make it rightIn your dreams you saw a steady state, a bounty for eternity  
Silent screams but now the wisdom that sustains us is in full retreat

Watch onDon't allow, this mythologic hopeful monster isn't worth the risk

Kyoto now we can't have vision for the future if it can't be fixed  
Alien we need a fresh and new religion to run our lives

Hand in hand the arid torpor of inaction will be our demiseOh, Kyoto now
