[Bobby V]

Yeah, Bobby V, yeah

Dj turn me up, don't you turn this down, no noo

[Verse 1: Nicki Minaj]

i think i gave him a discrete name, he replied with a street name

pr at the heat game, no ball, repeat game

he addicted to hustle; im addicted to fame

though he packin that muscle, im addicted to brain

im addicted to chillin, make a hell of a killin

dont i stunt on these b*tches? man im bad as a villain

get the gun, ima hunt em; when im done, im a don em

when we leaving the lounge, ima keep it a hundred

it went down, enough said, pull off in that thing, and its blush red

[Hook: Bobby V]

sex in the lounge, girl, im gon take ya down

im gon have you screaming, girl, they gonna hear the sound

of our sex in the lounge

i cant believe this has happened to me, girl

happened to me, girl

[Verse 2: Bobby V]

so caught up in this girl

shawty, got me hooked right now

keeping true to myself, cause im so into her

cause we doing it like nobodys around

and when we doing it, i can hear her make a sound

shawty was singing like me

had that girl singing, singing like me

she be like, ooh, oh, oh, oh, ooh, oh

she looking at me like she want it

im over here

she climbing on top of me

ima make her scream, her scream

[Hook: Bobby V]

sex in the lounge, girl, im gon take ya down
im gon have you screaming, girl, they gonna hear the sound
of our sex in the lounge
i cant believe this has happened to me, girl
happened to me, girl

[Verse 3: Lil Wayne]

sit that pussy on my bottom lip
then after that you know we gotta switch
my house so big that b*tch came with a lobby
we didnt use a rubber, but i came on her body
i laid her down and kiss her neck and talked dirty to her
like i get that pussy wetter than a dirty sewer
f*ck with me, turn around and bust it open for me
get on that d*ck and get that money, go oprah for me
all you girls dont like me, cause they know you love me
but if you scared, go to church, its open sunday
i-i-i dig, i dig in that pussy, guess what i found
tunechi lee and nicki, sex in the lounge

[Hook: Bobby V (x2)]

sex in the lounge, girl, im gon take ya down
im gon have you screaming, girl, they gonna hear the sound
of our sex in the lounge
i cant believe this has happened to me, girl
happened to me, girl
