

Best Imitation Of Myself

Ben Folds Five

I feel like a quote out of context
With holdin' the rest
So I can be for you what you want to see
I got the gestures and sounds
Got the timin' down
It's uncanny, yeah
You'd think it was me
Do you think I should take a class
To lose my Southern accent?
Did I make me up
Or make the face 'til it stuck?
I do the best imitation of myself
The problem with your speech
You gave me was fine
I liked the theories about my little stage
And I swore I was listenin'
But I started driftin'
Around the part about me
Actin' my age
And now if it's all the same
I've people to entertain
I juggle one-handed
Do some magic tricks and
The best imitation of myself

Maybe I'm thinkin' myself in a hole
Wonderin' who I am?
When I ought to know?
Straighten up now time to go
Fool somebody else
Fool somebody else
Last night, I was east with them
And west within tryin' to be for you
What you want to see
But I can't help it
With you the good and bad comes through
Don't want you hangin' out
With no one but me
Now if it's all the same

It comes from the same place
And if my mind's somewhere else
You won't be able to tell
I do the best imitation of myself
Yes, it's uncanny to see
You'd really think it was me
The best imitation of myself
Do the best imitation of myself
