# Second Try

## Savoy Brown

I gotta know find out why
Give my life a second try
I was alone and I didn't know
Now I found an open door
On my second try
On my second tryAnd if I look a little dazed
I'm still trying to find a way
And if I need a helping hand
I look to you to understand
On my second try
On my second tryI gotta know find out why
Give my life a second try
I was alone and I didn't know
Now I found an open door
On my second try
On my second tryAnd if I look a little dazed
I'm still trying to find a way
And if I need a helping hand
I look to you to understand
On my second try
On my second try
