Footprints

Tada

V1
Open up your eyes
Life ain't all about feelin nice
Sometimes we gatta go through some things
Sometimes we gonna face many pain and suffering

CHORUS
Look at the footprints in the sand
You tink you walk alone
But He's holdin your hand
Never let go and you'll still stand
You'll still stand
You'll still stand
Look at the signs and wonders He brng
The sun always shin in da early morning
Times might be rough but I shall sing
I shall sing
I shall sing

V2
Where there is hope there will always be
A tiny little window of opportunity
Where there is faith things come to past
(I'm tellin you) Eternal life
Is the only thing that lasts

CHORUS...

BRIDGE
And I shall sing til the sunrise
Early in the morning time
Every breath within me gonna bring new life
Cuz nobody knows me betta dan Je-sus Christ
When I feelin down Him make me feel alright
What kinda world - kinda world - kinda world
Are we livin in
You betta be ready
Cuz Yahweh come again
And when He come He gon' bring judgement

If you nah ready such a pity oh

CHORUS...
