

I Don't Love My Baby

Cub Sport

My baby doesnt seem to care
She wont get it 'cause shes so unaware
She doesnt like me as much as she likes you
My baby wants to make you laugh
You wont get it 'cause shes so far
Above the place where you met me and i met you
Gotta tell her that shes smart and funny
Gotta know whether shes good with money
Cause she fits the mould but she doesnt fit me
Doesnt fit me
My baby doesnt seem to care
She wont get it 'cause shes so unaware
She doesnt like me as much as she likes you
And she likes you
She likes you
I dont love my baby
I dont need her
I wanna see her not today
I dont love my baby
I dont wanna need her
I wanna see her not today I tell my baby what she wants to hear
????????????
????????????
Doesnt like me
Doesnt like me
My baby doesnt seem to care
She wont get it cause shes so unaware
She doesnt like me as much as she likes you
She likes you
She loves you
I dont love my baby
I dont need her
I wanna see her not today
I dont love my baby
I dont wanna need her
I wanna see her not today I dont love my baby
I dont need her
I wanna see her not today
