Pictures

Sia

You have her pictures
You have her pictures
You have her pictures
EverywhereYou're covered in stitches
You're covered in stitches
You think I can't see them
But I know they're thereTake her down from the wall
I just sell firewallYou can't keep a frozen
Doorman at your court
You can try to move on
Tripped by stitches come undoneYou lost your big heart
You lost your big heart
You lost your big heart
Beating bareShe gave you a new start
She gave you a new start
But you knew you'd lost her
To despairTake her down from the wall
I just sell firewallYou can't keep a frozen
Doorman at your court
You can try to move on
Tripped by stitches come undoneYou skin burns and prickles
You skin burns and prickles
You skin burns and prickles
When she's nearYou try to play it cool
You try to play it cool
You try to play it cool
But you're filled with fearTake her down from the wall
I just sell firewallYou can't keep a frozen
Doorman at your court
You can try to move on
Tripped by stitches come undoneTake her down from the wall
Let her go make her yoursYou can't keep a frozen
Doorman at your court
You can try to move on
Tripped by stitches come undoneYou can try to move on
Tripped by stitches come undone
You can try to move on
Tripped by stitches come undoneYou can try to move on
Or maybe she is the one
