Everywhere You Go

London Grammar

There's a new way
It's a hard way
Only for you to say
Cause you're my babyIt's a new day
And a clean slate
Oh, how I dream of that
Cause you're my baby[Chorus]
Everywhere you go, oh
Everywhere you go, oh
Everywhere you go, oh
Is everywhere I go
You'll be everywhere I go
You'll be everywhere I goYou say it's me
You say it's only you
The one that I love
You're all I dream of[Chorus]
Everywhere you go, oh
Everywhere you go, oh
Everywhere you go, oh
Is everywhere I go
You'll be everywhere I go
You'll be everywhere I goAnd I can't stand it
Don't make me, don't make me try to be without it
Don't make me try to be without it
Don't make me try to be without it
You don't that a heart don't wanna tryYou'll be everywhere I go
You'll be everywhere I go
You'll be everywhere I go
You'll be everywhere I go
