

Linkin Verbz (feat. Common Denominator)

Reggie and the Full Effect

Hello Americans
This is Klaus from Common Denominator
That is the band you are listening to right now
We are from Finland
This is the second song on our debut album Here In America
This song is about the words that connect the subjects to the predicates
Helping to form complete sentences
They are helping verbs
AKA your linking verbs
Linking verbs are as such
You should go buy the record
This is the best song on the record
You should go buy a t-shirt
I would go buy a t-shirt
Linking Verbs
Its a word for everything
Do, does, did
Have, has, had
May, might, must
Can, could
Will, would
Shall, should
And being
Its a word for everything
Do, does, did
Have, has, had
May, might, must
Can, could
Will, would
Shall, should
And being
(repeated in background - Linking verbs)
Its a word for everything
Do, does, did
Have, has, had
May, might, must
Can, could
Will, would
Shall, should go buy a t-shirt

And being
These are your linking verbs
Thank you very much for having us in your country
Goodnight
You go to buy a t-shirt now
