Diseased

Seether

Leave your mark under my skin
Oh, my, how strong you are
Then feast your eyes on my disdain
And hope this one won't scarI will never belong to you again
I will never belong to youPush if you still need my pain
'Cause I will never tell
And scream if you still hate my name
'Cause I'll be where I fellCome sit close to me
(Let me feel your neck)
Come sit close to me
(Hands around my neck)Come sit close to me
(Let me feel your neck)
Come sit close to me
Close to me, yeahI will never belong to you again
I will never belong to youIf I decide that I am alive
Than I'm diseased and ungrateful
And if I confide that I am a liar
Than I'm diseased, it's soPush it in 'til it breaks
If I bleed, I'll be okayIf I decide that I am alive
Than I'm diseased and ungrateful
If I confide that I am a liar
Than I'm diseased and ungratefulIf I decide that I am alive
Than I'm diseased and ungrateful
If I confide that I am a liar
Than I'm diseasedSo sit close to me
So sit close to me, yeah
Come sit close to me
Come sit close to me
